ALEXANDRIA DIVISION

UNITED STATES, *et al.*,

Plaintiffs,

v.

GOOGLE LLC,

Defendant.

No. 1:23-cv-00108-LMB-JFA

GOOGLE LLC'S SEVENTH STATUS REPORT
REGARDING DOCUMENT REVIEW AND PRODUCTION

Pursuant to the Court's order of September 15, 2023, ECF No. 440, Google LLC ("Google") writes to correct an inadvertent error in our Fourth, Fifth, and Sixth Status Reports Regarding Document Review and Production (together "Status Reports"), *see* ECF Nos. 478, 485, and 492, and provide an update on Google's document review and production.

Google's Status Reports state that Google produced 274,546 documents on October 2, 2023. It has since come to our attention that the actual number of documents produced on October 2, 2023 was 270,492 (i.e., 4,054 documents less than previously reported). This was due to an error in calculating the volume of certain production files in preparing the Fourth Status Report. The total number of documents produced between September 8 and October 6 was therefore 1,991,815.

In addition, in connection with deposition preparation of a former employee, Google identified approximately 65 additional responsive documents. Google completed production of those documents on November 9, 2023, five business days in advance of the witness' deposition.
